University of the Southern Caribbean is committed to equal education opportunities for all and does not discriminate among its students or applicants. Applicants who meet the admission standards and character requirements of the University, and express a willingness to cooperate with the University's policies and adjust congenially to its religious, social, and cultural atmosphere may be accepted.

Every effort has been made to ensure the accuracy of the information in this schedule. Students are advised, however, that these provisions do not constitute a contract between a student and the University of the Southern Caribbean and that attendance at the University is a privilege and not a right.

The University faculty and administration reserve the right to institute and give public notice of such changes as they deem necessary during the period for which this schedule is in effect. All changes must be authorized by the Vice President for Academic Administration

### COURSE OVERLOAD

Students with good performance in study may be allowed to take extra credits with the approval from the School Deans, according to the following guidelines.

<u>Overall GPA</u>	<u>Course Load</u>
3.00 - 3.49	17 credits
3.50 - 3.89	18 credits
3.90 - 4.00	19 credits

Before a student can register for an overload he/she should collect an Overload Form from the Registrar's Office and obtain all the necessary approval. Students will not be allowed to do an overload if they do not have the required GPA. For the Third Semester, students may register for a maximum of 12 credits only.

### CLASS CONFLICTS

Students should not be advised to register for two classes, which convene at the same time.

### ADMISSION TO CLASSES

No student will be admitted to a class without evidence of being properly registered for that class.

### CREDIT BY EXAMINATION (CBE)

Credit by Examination is a legitimate means by which students may earn academic credits. In this regard, please note the following:

✍ CBE is not a means by which failing grades can be changed.

✍ CBE assumes prior knowledge on the part of the student, and documentary proof of such must be provided with the CBE form.

- ✎ CBE's must be done during the first year of study.
- ✎ CBE must be administered within the first two weeks of the semester (see Calendar of Events).
- ✎ The University is under no obligation to give instructions to students for CBE.
- ✎ Grades awarded for courses completed by CBE are S (satisfactory) or U (Unsatisfactory). They are not used in computing GPA's. Be advised that this can be a disadvantage.

**INDEPENDENT STUDY**

All pre-designated "independent study" courses must be properly registered for making use of the special card obtainable at the Registrar's Office.
